

CD351 1 SERIES SURFACE MOUNT

The CD3511 LED warning light is designed to offer maximum performance with a minimal footprint. This surface mount LED measures only 0.5" (13mm) deep, features 36 flash patterns and is available in blue, red or white. Its compact form allows for mounting in virtually any location on a vehicle body, while its twelve 1-watt LEDs provide high-intensity utility and warning lighting. With a low current draw, long maintenance-free service life and a 5-year warranty, the CD3511 Series is a small yet powerful LED for police, fire and ambulance vehicles.
